

Join Dr. Betty Rozendaal ND, Cuso International Supporter, on her Fundraising Trek to Machu Picchu, Peru in September 2022

From September 24th - October 2nd, 2022, I will be trekking through Peru to the ancient ruins of Machu Picchu as a personal challenge, all while supporting a charity I believe in, CUSO International. I'm so excited to take on this challenge because trekking to Machu Picchu has always been a goal for me and I get to help support the eradication of poverty and inequality at the same time!

CUSO International (www.cusointernational.org) is a development organization that works to reduce poverty and inequality through the efforts of highly skilled volunteers, collaborative partnerships and compassionate donors.

I have been a supporter of CUSO since 1987 when I was a volunteer in Indonesia working on environmental sustainability projects. Cuso International has a long history of helping local partners in the Andean Region. The Cuso Challenge is helping women and girls gain the skills they need for lasting employment and a better future for their families and their community.

As part of my trek, I am fundraising \$4000 to help sustain CUSO's vital work. I hope you will consider making a gift today in support of my campaign.

Right now, for every \$1 you donate the Canadian Government will provide \$9. That means a \$25 contribution becomes \$250 and a \$100 gift becomes \$1000!

Thank you in advance for your very kind support,

Sincerely,

Dr. Betty Rozendaal ND
